08:30-09:00

Welcome

09:00-10:30

Energy Cities' members stories

Spark exchange and mutual inspiration.

Hear from Vienna (AT), Dijon (FR), Bornova (TR), Assen (NL), Valencia (ES), Cascais (PT), Arnhem (NL), the Province of Fryslân (NL), energy agencies in Lisbon (PT), Porto (PT) and Barcelona (ES), and Energy Cities Algeria.

They will all present a success or a challenge related to collective self-consumption, fair and positive energy districts, water management, gas phase-out, heating solutions, food waste, energy communities, and local energy transition drivers.

Mayors' club: "Local energy transition for strong local democracies"

Closed-door session only for local elected representatives

Explore how local governments can advance the energy transition while strengthening local democracy.

Part I: "Blocked by permits, stuck without grids: Can mayors deliver the energy transition?"

Part II: "Getting out of gas, easier said than done?"

The discussion outcomes will contribute to the policy work of Energy Cities at the European level.

10:30-11:00

Coffee break

11:00-13:00

Project matchmaking: turning ideas into collaborations

Michele Sansoni, CINEA
Anke Möllers, European Urban Initiative (EUI)

Hear about the **latest open calls under the LIFE Programme and the EUI** and join the interactive matchmaking round. Cities will have 2 minutes to pitch their project ideas, connect with potential partners, and refine their concepts with the group.

Spotlight session: tackling indirect emissions

Barbara Coehlo, Cascais Ambiente (PT),
Vera Araujo, City of Santo Tirso (PT),
Rachel Singer, ReLondon (UK)
Jack McQuiban, Zero Waste Europe
Françoise Bonnet, ACR+

Explore cities' role in shaping consumption patterns, enabling repair and reuse cultures, managing textile waste streams and partnering with local industries to cut the hidden emissions of fast fashion.

13:00-14:00

Lunch
